

BUILT IN REFRIGERATORS Export Product Catalogue

Camlbee-USA Appliance

 High-end refrigerator manufacturing, overall kitchen appliance solutions, and refrigeration industry solutions.

Numerous advancements in technology point to Industry Leading Freshness.

CALMBEE-USA helps you enjoy your product longer with 0°C bio-preservation and is easy to clean.

Custom Panels, Stainless Elegance CALMBEE-USA provides new kitchen experiences to those who love life.

With easy installation of refrigerator and panels, CALMBEE-USA can partner with any level of sophistication.

Choose your life-style Enjoy the quality

CALMBEE-USA Built In Refrigerators

Drinking a cup of fresh milk while walking through the sitting room in the morning;
Serving fresh fruits for friends, who are sitting on the sofa in the afternoon;
Enjoying delicious seafood together with family in the evening.

CALMBEE-USA built in refrigerators and their advanced technology offers an European life style for years of enjoyment.

CALMBEE-USA
Much more than Industry Leading Freshness.

Luxury in Appearance
Luxury in Performance

European E energy labeling, authentic super energy saving

Almost all CALMBEE-USA built in refrigerators reach European E energy saving standard, through high efficiency compressor, optimized thermal-protective coating and refrigerating cycle to realize the energy saving goal. They are authentic energy saving pioneer, saving more energy and better in environmental protections. Making not bigger space consumes more energy, we have already considered more for your energy saving healthy life.

0°C bio-preservation extends freshness without freezing.

Magic cooling 0°C bio-preservation core technology has been adopted for built in models with a 100% independent crisper offering. 0°C bio-preservation, you can maximize humidity without freezing.

Mixture refrigerating/freezing with ultra-low frost technology makes you no hassle of manual removal of frost.

Normally, built in refrigerators need to be outage for defrosting at least twice a year, MAGICTEC built in refrigerators innovation adopting mixture refrigerating and freezing with ultra-low frost technologies, proving different solutions according to your demands, no hassle of repeated manual removal of frost, enjoying yourself for the leisure life.

Humidity crisper keeps foods fresher longer.

High-humidity independent crisper can easily adjust the humidity according to different food types which keeps fruits & vegetables fresh and tender. Higher fresh efficiency, better toasting foods.

Built in installation, matching your perfect kitchen
Offering a seamless design, CALMBEE-USA's impeccable characteristics let you create your kitchen your way.

Built in LED lamp design, gently lightens the interior space

New durable LED lamp is soft, perfectly and uniformly lightening the interior, meanwhile it is energy-efficient offering the right amount of light, at the right time.

Ergonomically design for your comfort

Flexible hinge with buffering makes you firmly and softly close the door

Buffer is integrated into the flat hinge, thus, even heavy doors can be easily firmly closed.

Adjustable stretch shelf, more space can be released

You just pull out the adjustable stretch shelf to conveniently access the foods, and easily adjust the height of the glass shelf and door rack. This optimizes fridge space and your ability to customize for your specific needs.
